Good morning,

In addition to the Brownfields bill, they are requesting TA on this bill as well:

<https://www.congress.gov/bill/114th-congress/senate-bill/2306/text>

This bill would transfer remediation oversight of the Westlake Landfill Superfund Site to the Army. I believe this is a high profile site for R5.

The deadline is next week (optimal) or the first week in February.

Many thanks,
